

Modern Middle Housing Virtual Tour

PRESENTED BY THE HOME BUILDERS ASSOCIATION OF METROPOLITAN
PORTLAND, METRO, AND THE BUILD SMALL COALITION

Project summaries - July 16, 2020

[Watch the webinar - click here](#)

After a 70-year hiatus, new state laws in Oregon have opened the door for middle housing to return to residential neighborhoods. These modestly-sized housing types offer the potential to add attractive homes to our neighborhoods while providing residents with greater choice and more affordable options.

The Modern Middle Housing Virtual Tour was an idea conceived of by the Build Small Coalition that

was produced by Metro and the Home Builders Association of Metropolitan Portland. The tour showcases several projects by Oregon developers who are re-imagining backyard ADUs, townhomes, cottage clusters, multi-plexes, and courtyard apartments for the modern age.

This document summarizes a selection of projects that were highlighted in the virtual tour.

MIDDLE HOUSING STYLE: COURTYARD COMMUNITY

Tillamook Row

A zero energy community that includes five buildings — a mix of 5 owner-occupied units and 11 rental units with front porches and balconies oriented around a central courtyard. All five buildings were designed using Passive House standards and produce all their own energy through onsite solar panels.

Owner-occupied units:

Sq. Ft	Bed/bath
1,430	3 BR/2BA

Rentals - mix of the following:

Sq. Ft	Bed/bath
750	1 BR/1 BA
1,036	2 BR/2 BA
1,430	3 BR/2 BA
1,365	4 BR/2 BA

MIDDLE HOUSING STYLE: BACKYARD ADU

Detached Backyard ADU

A 420-sq ft 1-Bedroom ADU with a loft built in the backyard of a single-family residential lot. The design maximizes privacy and a sense of ownership for both residences. This design creates a complete home at a below-market rate to help with the housing crisis by being part of the solution - while still being energynet positive and Earth Advantage Certified: Platinum.

Estimated Ave Cost	Sq. Ft
--------------------	--------

\$175K - 225K	420
---------------	-----
