

**WORKING FOR YOU.  
HERE FOR YOU.**

Now, more than ever, HBA members need each other. The HBA works tirelessly on behalf of our members, especially during this crisis.

First and foremost, the health and safety of community is our top priority. Our thoughts go out to you, your employees and your families during this challenging time.

The COVID-19 pandemic is an unprecedented event that has drastically affected the worldwide economy, including the residential construction industry. HBA of Metro Portland has been working hand-in-hand with those at the state and national levels to keep residential construction open, so companies like your own can stay in business, be safe and keep your employees working.
